About

I am a Software developer with more than 5 years of Golang experience (2 Professionally for other companies), 1 year of professional Vue experience, 1 year of professional Angular experience. Lots of experience with containerization and deployment of containerized images and have familiarized myself with Kubernetes. I just started learning Rust and am very exited to learn more about that language. I am fluent in English and Dutch.
I am currently living in Sweden.

Resume

Tealtribe   **Remote**
Fullstack software & DevOps engineer   **2021-Current**

Building a community website that would allow people to find and contact each other. Build with Go, Flutter, GoHugo, Ory Hydra (as OpenID Connect Microservice), Docker, Kubernetes.
Going officially live at August 15th.

Klippa   **Groningen, Netherlands**
Full Stack software engineer   **2020 (8 months)**

Working as a full stack software engineer I worked with Angular and Go to create internal tools they could use to monitor and work with their models and serve their customers better.

[Ultraware](#)   **Assen, Netherlands**
Full stack software engineer intern   **2019-2020**

Working as a full stack software engineer using Golang, Vue and Docker. Working on project such as [scholenbouwmaatje](#) and [Iddink](#).
(Reference: Sander Brakel, Tel: +31648341081)

[Student council Noorderpoort](#)   **Groningen, Netherlands**
Member/Secretary/Vice-Chairman   **2014-2020**

Active as a general council member, a secretary of the council (while being a member too) and as a vice-chairman. I've been active in many projects in the organization such as the excellence program, the sub student council initiation, the digitization of Noorderpoort and many more. I've learned skills of management, hosting meetings and project management.

[Streetwise Event promotions](#)   **Grongingen, Netherlands**
Street sales   **2016 (5 months)**

Doing street promotions for charities such as "proefdieren vrij" (translated test animal free) and "Terre des homes".

[National Thinktank](#)   **Amsterdam, Netherlands**
Field expert   **2016**

The thinktank that year was taking a look at the dutch education system. I was invited as an "expert participant" to give insight in how the school system worked and was handled at that time and where we should improve.

[Wiertsema & Partners](#)   **Leek, Netherlands**
WarehouseChief   **Summer holiday 2014**

Working as a warehouse chief for the soil samples that would come in.
